Are you new to Toronto? Looking to make new friends or have questions about transportation, neighborhoods or health insurance? Or are you nearing the end of your fellowship and are trying to sublet your apartment? If so, you may be interested in joining the University of Toronto PGME Fellowship Forum on Facebook.

The PGME Fellowship Forum was created with the intention of providing fellows with a central locale for information and support. Fellows can post questions, express concerns, share their knowledge and experiences or even arrange get-togethers. Feel free to take a look at what others have to say about their time spent training in Toronto.

You can find us on Facebook by using the search engine under: “University of Toronto PGME Fellowship Forum”

Enjoy!

Postgraduate Medical Education Office

Introduction

The PGME Office has developed this booklet to meet new trainees’ need for accessible, comprehensive orientation information. We welcome your feedback – please send your comments and suggestions to the PGME Office at postgrad.med@utoronto.ca.

Visit our website at www.pgme.utoronto.ca
1. Registration

Registration Process Overview

Those who will be starting residency or clinical fellowship training at the University of Toronto on July 1, 2014 will receive a system (POWER) email notification for the on-line registration by mid-March 2014 and additional documents required for registration.

For trainees that hold a valid work permit, in order to complete your registration with the PGME office, you will need to provide us with a copy of your Work Permit and register for University Health Insurance Plan (UHIP) coverage. You will also need to submit a completed immunization record form, as well as confirmation of your registration by the College of Physicians and Surgeons of Ontario (CPSO) and the Canadian Medical Protective Association (CMPA).

Letter of Appointment (LOA)

Trainees who are pre-registered for the 2014-2015 session will receive a system e-mail notification for LOA sign-off. You will be required to confirm and electronically sign your letter of appointment. You will then be able to review and complete the additional documents required for the on-line registration system (POWER).

The Registration Section of our office will generate the Letter of Appointment and send it to you by email. The e-LOA should not be used to apply for your work permit. The e-LOA is issued every academic year and is one of the requirements for medical educational licensure by the College of Physicians and Surgeons of Ontario (CPSO). You must submit your e-LOA form electronically so the PGME Office can forward your acceptance of the appointment to the CPSO.
CMPA (Canadian Medical Protective Association)

All postgraduate medical trainees whose work involves patient contact must obtain Canadian Medical Protective Association (CMPA) membership for the duration of their registration at the University of Toronto. The CMPA is a non-profit medical mutual defence organization that protects the professional integrity of doctors by providing services including legal defence, indemnification, risk management, educational programs and general advice. CMPA coverage is a mandatory registration requirement for all trainees with a CPSO license. Detailed information, including a downloadable form, is available through the CMPA’s website at: www.cmpa-acpm.ca.

Getting a Social Insurance Number (SIN)

Toronto City Hall Service Canada Centre accepts Social Insurance Number (SIN) applications. It is located at:

City Hall, Floor 1, 100 Queen St. West, Toronto, Ontario

Toll free number: 1-800-206-7218.

Hours of Service:
Monday to Friday: 8:30 am to 4:15 pm

Additional information about the SIN can be accessed through the Service Canada website at:
http://www.servicecanada.ca/eng/sc/sin/index.shtml

Immunization

The immunization form must be completed and signed by a clinic, health centre, or health care professional (other than the trainee). Returning trainees need only submit their annual TB test results.

What are the immunization requirements for residents and clinical fellows?

• 2-step Mantoux skin test (and chest x-ray, if positive Mantoux)
• Lab evidence of immunity to Hepatitis B [anti-HBs, and HBsAg if non-immune or no prior immunization]
• 2 dose vaccination for Measles, Mumps and Rubella, or evidence of immunity/titre results
• VZV titre results or 2 varicella vaccine dates
• Diphtheria, Tetanus, Acellular Pertussis and Polio vaccination are strongly recommended [Diphtheria and tetanus boosters must be repeated every 10 years]
• A valid respirator mask-fit test (Trainees have 90 days from their start date to complete the mask-fit testing and report to the PGME office.)

For further details about immunization and accessing the immunization form, please review the immunization information at http://www.pgme.utoronto.ca/content/immunization-requirements
On-line Registration

Registration is not complete until all of the applicable requirements have been met. Your on-line registration record will display all the outstanding requirements to be fulfilled. You can access your registration record through the website at http://www.pgme.utoronto.ca by using the Personal Identification Number [PIN] and password in the registration package that the PGME Office will send to you.

Once you have accessed your registration record, you will be prompted from one screen to the next to complete the information. Warning messages about registration requirements must be cleared first in order to reach the payment section. You may then pay your registration fee by Visa, MasterCard, or by payroll deduction [for THPPA paid trainees only]. Payment by cheque or Interac must be made in person at the PGME Office. Payment is the last step in registering. The registration fee for the 2013-14 academic year will be $600.00 and is non-refundable. Elective trainees do not pay the registration fee.

Upon completion of on-line registration, you will be able to print a Confirmation of Registration document from the website. This item is proof of your registration with the PGME Office and is necessary for your credentialing at the teaching hospital(s) in Toronto where your training will take place. To activate your University of Toronto ID [UTORid], you will require a Secret Activation Key [SAK]. The UTORid activation website is: http://www.utorid.utoronto.ca

University of Toronto Library Card

To obtain a University of Toronto library card with Photo ID, you must go to the T-Card Office, Robarts Library, 130 St. George Street, 2nd floor, with your Confirmation of Registration document.

Hours of operation are: Monday, Wednesday, Thursday, and Friday 9am-5pm and Tuesday 9am-7pm
Educational Objectives

With the approval of the Faculty of Medicine in 2010, the PGME Office introduced a template for educational objectives for clinical fellows. The form was designed to standardize educational goals for fellowships within the CanMEDS framework and promote a more consistent approach to education for clinical fellows.

The Vice Dean, Postgraduate Medical Education, signs the statement of educational objectives on the understanding that the fellowship supervisor will provide a copy of the objectives to the clinical fellow prior to the start of the fellowship. Successful completion of the educational objectives is a requirement for the issuance of a PGME certificate of completion of fellowship training.

The educational objectives template can be found on the PGME website at: http://www.pgme.utoronto.ca/content/statement-objectives-clinical-fellowship-training

Pre-Entry Assessment Program (PEAP)

Most International Medical Graduates (IMGs) applying for a Postgraduate Education certificate of registration for residency or clinical fellowship are subject to the Pre-entry Assessment Program (PEAP). Duration of PEAP is usually four to twelve weeks, and the PEAP certificate expires immediately upon completion of PEAP. The PEAP report is prepared by the Program Director and sent to the Postgraduate Medical Education office for review and signing by the Postgraduate Dean. The PGME office will forward the report to the CPSO for processing. The trainee must then cease practice and wait for the CPSO to review the PEAP report. If PEAP is completed successfully, and the report is in good order, the CPSO will issue a Postgraduate Education certificate for clinical fellowship or residency. Issuance of this certificate will normally occur on the next business day after the CPSO receives the acceptable PEAP report. If PEAP is not completed successfully, the PEAP certificate immediately expires and cannot be re-issued. Enrolment in a subsequent PEAP in the same discipline is not permitted.

In-Training Evaluation Reports (ITERs)

In-Training Evaluation Reports [ITERs] are evaluations of postgraduate medical trainee performance during clinical rotations and are generally conducted at the end of each rotation by their faculty supervisor. ITERs are mandated for all residents enrolled in accredited residency programs and are based on the goals and objectives of the program. These reports are also completed for clinical fellows, based on the goals and objectives of the fellowship program.

At the University of Toronto, ITERs are completed using our web-based evaluation system; the POstgraduate Web Evaluation and Registration [POWER] system. The ITER generally consists of a number of questions with rating scales and qualitative comments, as well as a global question that rates overall performance.

Supervisors are expected to review the ITER assessments in person with each resident/fellow and to provide direction that will help the trainee improve. The completed ITER documents the trainee’s successful completion of the goals and objectives of the training program.
Completion of Training Certificate

The Postgraduate Medical Education (PGME) Office issues a certificate to clinical fellows, to confirm successful completion of the goals and objectives of the fellowship.

The certificate conforms to the University of Toronto’s visual identity framework and features high-end production finishes and advanced security measures such as a pre-embossed seal, holographic crest and unique numbering. The certificate has been designed to reflect and reinforce the educational significance of clinical fellowship training at the University of Toronto.

The certificate includes the signatures of the Department/Division Chair, the Program Director/Supervisor and the Vice Dean PGME.

The clinical fellowship certificate is not issued for elective training or for clinical fellowships less than six months in duration.

Following the successful implementation in 2011 of the completion of training certificate for clinical fellows, the PGME Office has introduced similar certificates for residency trainees.

Additional details and downloadable forms related to the completion of training certificate are accessible through the PGME Office website at: http://www.pgme.utoronto.ca/content/pgme-completion-training-certificates

2. Health Care Coverage

University Health Insurance Plan (UHIP)

What UHIP is...
The University Health Insurance Plan (UHIP) provides basic coverage for most medically necessary services and supplies covered by the Ontario Health Insurance Plan (OHIP).

Why UHIP is necessary...

- As a medical trainee registered with the University of Toronto, you must have insurance to pay for health care services and medical treatments; this is a mandatory registration requirement for the Postgraduate Medical Education Office that must be completed prior to commencing training.

- There is a three month waiting period for the Ontario Health Insurance Plan for medical trainees and any accompanying family members that begins on the day of arrival in Ontario – the University Health Insurance Plan is required to bridge this gap in coverage.

Who meets eligibility requirements for UHIP?

- An employee with a valid work permit issued by Citizenship and Immigration Canada, working in a participating Ontario university or affiliated college;

- An individual to whom the member is legally married or with whom the member declares on the Application Form that he/she has been living in a relationship resembling marriage for at least 12 months.

More information concerning the University Health Insurance Plan (UHIP) is available at: www.uhip.ca

If your work permit is valid for 6 months or longer, you will have to purchase UHIP for only 3 months. If your work permit is valid for less than 6 months, you will be required to purchase UHIP coverage for the entire duration of your training.
What if I already have health insurance coverage from my home country?

- Although you may already have a travel health insurance policy that will cover you in Canada, you are still required to purchase UHIP unless your provider is on the list granting exemptions.

For the most current list of ‘Plans granting a UHIP Exemption’, see: http://www.uhip.ca/exempted.aspx or the table below.

**If you are a member of one of the plans below, you do not have to join UHIP. You will have to provide the PGME office with proof of coverage.**

- Canadian International Development Agency Health Care Plan
- Canadian Bureau for International Education Health Care Plan
- Canadian Commonwealth Scholarship and Fellowship Plan
- International Council for Canadian Studies Plan
- National Insurance Office for Social Insurance Abroad (Norway)
- World University Service of Canada Plan
- Embassy of Kuwait
- Interim Federal Health Care Plan
- Health Economic Administration, HELFO Abroad
- Saudi Arabian Cultural Bureau - GWL
- Libyan Plan
- Schlumberger Plan
- Fletcher Plan

**How to apply for UHIP coverage...**

- In order to apply for University Health Insurance Plan (UHIP) coverage, eligible medical trainees must visit the Postgraduate Medical Education Office to fill out the required documentation.

---

**UHIP Premiums – September 1, 2013 - August 31, 2014**

**Trainee’s Work Permit Valid for 6 Months or Longer**

<table>
<thead>
<tr>

<td>$684.00</td>
<td>$1026.00</td>
</tr>
</tbody>
</table>

* Only spouses and children are eligible dependents for UHIP coverage.

For a full table of University Health Insurance Plan (UHIP) premiums, please visit the following website link: http://www.uhip.ca/_uploads/en_PremiumTable.htm
Ontario Health Insurance Plan (OHIP)

What OHIP coverage is...

- The Ontario Health Insurance Plan (OHIP) provides basic coverage for most medically necessary services and supplies, granting Ontario residents access to free emergency and preventative medical care.

How it’s different from the University Health Insurance Plan (UHIP)...

- OHIP is a Provincially-funded plan – there are no premiums.
- OHIP is accepted universally by health care providers across Ontario for all health care services covered under the policy.

Who meets eligibility requirements...

- You may be eligible for OHIP if you hold a work permit valid for at least six months that allows you to work in Canada, and you also have a formal agreement in place to work full-time for an employer situated in Ontario which sets out the employer’s name, your occupation, and states that you will be working for no less than six consecutive months;
- The spouse, same sex partner, or dependent child (under 22 years old, but no age restriction if dependent due to a mental or physical disability) of an OHIP-eligible foreign worker.

You MUST register for the Ontario Health Insurance Plan within the first three months of your arrival in Ontario if you meet eligibility requirements.

Even if you are eligible for OHIP coverage, you must still purchase three months of UHIP coverage for yourself and your family members to cover the three-month OHIP waiting period.

Documents Needed To Register for Health Insurance Plans

<table>
<thead>
<tr>
<th>Insurance Plan</th>
<th>UHIP</th>
<th>OHIP</th>
</tr>
</thead>
<tbody>
<tr>
<td>Medical Trainee</td>
<td>• Passport&lt;br&gt; • Work permit</td>
<td>• Passport&lt;br&gt; • Work permit&lt;br&gt; • Proof-of-residency in Ontario (contract/lease agreement for home or apartment)</td>
</tr>
<tr>
<td>Family Member(s)</td>
<td>• Passport stamped with arrival date and/or;&lt;br&gt; • A work permit, study permit or visitor record</td>
<td>• Passport with admission stamp cross-referenced to the medical trainee’s work permit or;&lt;br&gt; • An open/closed work permit or;&lt;br&gt; • The medical trainee’s work permit indicating accompanying family members</td>
</tr>
</tbody>
</table>
Health Services Covered

- UHIP provides coverage for basic health care services such as hospital, physician, laboratory, ambulance and other services generally covered by the Ontario Health Insurance Plan

- UHIP pays up to $1,000,000 (Canadian) a year for each covered person incurring eligible health services and medical treatments

For a complete list of services that UHIP covers, please refer to the following website:  [http://www.uhip.ca/covered.aspx](http://www.uhip.ca/covered.aspx)

Conversely, for a full list of services not covered by UHIP, please refer to the following website:  [http://www.uhip.ca/notcovered.aspx](http://www.uhip.ca/notcovered.aspx)

OHIP covers a wide range of health services; however, it does not pay for services that are not medically necessary such as cosmetic surgery.

**Some Services NOT Covered by UHIP:**

- **drugs**, whether prescribed or not (unless administered during a hospital stay), unless specifically included under “Expenses UHIP pays for”
- **dental care services**, unless specifically included under “Expenses UHIP pays for”
- routine **eye examinations** for persons between the ages of 20 and 64
- **group examinations, immunizations, or inoculations** unless covered by OHIP

UHIP Preferred Providers Network

The University Health Insurance Plan (UHIP) policy is accepted by a variety of health care providers throughout Ontario up front to valid policyholders. However, it is crucial that the policy holder inquire beforehand when obtaining health care services. To find out whether an institution or organization will accept your UHIP coverage upfront (rather than requiring you to pay for the service upfront and seek reimbursement from UHIP afterwards) please refer to one of the following resources:

1) **The Preferred Providers Network:**  
   [http://www.uhip.ca/ppn.aspx](http://www.uhip.ca/ppn.aspx)
   
   This is a network of major hospitals and health care organizations that will accept UHIP coverage upfront, as long as proof-of-coverage is provided in the form of the UHIP card.

2) **Sun Life’s International Health Care Network:**  
   
   This online application provides information for a complete range of health care institutions that will provide coverage up front to valid UHIP policyholders who can provide the UHIP card as proof-of-coverage. Please note, you are required to register for the service and you will be required to submit the following information:

   **Group Policy Number:** 50150
Extended Health Care Insurance

The University Health Insurance Plan and the Ontario Health Insurance Plan only provide coverage for medically necessary health services; consequently, extended health care plans are needed to cover non-medically necessary health services.

Please refer to the "Health Services Covered" section above for more details about non-medically necessary services.

- If you are not eligible for extended health insurance benefits through your employment contract, you can contact one of the many institutions offering private extended health insurance plans.

A variety of institutions offer extended health insurance plans, some of which are listed along with their website addresses in the textbox below:

<table>
<thead>

</tr>
</tbody>
</table>

Travel Medical Insurance

If you travel outside Canada, UHIP will pay only for medically necessary emergency expenses, the same as OHIP:

- UHIP benefits will also change anytime OHIP benefits change.

For an overview of UHIP coverage provided outside of Canada, please refer to the following website: [http://www.uhip.ca/travel.aspx](http://www.uhip.ca/travel.aspx)

- OHIP will pay only for insured, emergency out-of-country health services that are rendered to an insured person, including very limited amounts for physician services and hospital/health facility services.

It is recommended that you purchase supplemental Travel Medical Insurance if you are planning a trip outside of Canada.

A variety of institutions offer travel insurance options, a few have been listed with their website links in the textbox at right:

Wellness

The Office of Resident Wellness was established in 2006 to help support the well-being of the University of Toronto’s Post Graduate Medical Education trainees and to offer assistance to those encountering difficulties during training.

Postgraduate medical training can present a variety of challenges to the personal and professional well-being of residents and fellows, including: emotional and physical exhaustion, heightened anxiety, feelings of inefficacy, and social disconnection.

One of the roles of the Office of Resident Wellness is to help trainees develop the skills needed to maintain their own wellness as a trainee and as a practicing physician.

The Office of Resident Wellness is committed to supporting all postgraduate medical learners in need, whether residency trainees or clinical fellows.

For information about how the Office of Resident Wellness helps residents and fellows, please see our Resident Wellness Resources booklet at the following web link:

Registration Timetable

On the following pages is a guide to the registration milestones over a 6-month timeline leading to training start-date.
## Registration Timeline

6. Accommodation

Accommodation in Toronto

These websites may be of interest to you; however, we do not endorse or take responsibility for the content on any of these sites.

- **www.studentfamilyhousing.utoronto.ca**
  The University of Toronto Student Family Housing.

- **www.hometrader.ca**
  Search up-to-date listings and information on apartments for rent, house rentals, home rentals, rooms for rent across Canada.

- **www.gottarent.com**
  Helps renters locate available properties in cities across Canada. It is not a property management company and only showcases listings for landlords that subscribe to the service.

- **www.SabbaticalHomes.com**
  An internet-based directory for academic home exchanges, home rentals, and house-sitting opportunities. This comprehensive site contains hundreds of academic web links.

- **http://leochtwoika.com**
  Leo Chwoika, BBA, is a Real Estate Agent working for Royal Le Page Urban Realty in downtown Toronto who can assist prospective residents/fellows in locating and renting (or buying) an apartment in Toronto. He provides this service cost-free for his clients.

- **http://toronto.en.craigslist.ca/**
  Craigslist Toronto provides local classifieds and forums for housing for sale and rent.

- **www.viewit.ca**
  Lets you review on-line accommodation advertisements with multiple photos of the rental units.

- **www.rentcanada.com**

- **www.homestead.ca**
  Specializes in providing affordable apartments in private, multi-residential communities in major cities across Ontario.

- **www.chestnutresidence.utoronto.ca**
  The University’s Chestnut Residence (89 Chestnut Street, Toronto) offers short-term rental opportunities, but these are conditional on the demands of full-time student accommodation, so may vary throughout the academic year.
7. Transportation

Toronto Transit Commission (TTC)

The Toronto Transit Commission (TTC) operates buses, streetcars and subways through the City of Toronto, with connections to public transportation in neighbouring municipalities.

For information on bus and subway routes throughout the Greater Toronto Area:

- Telephone: 416-393-4636 (416-393-info)
- Visit the website at [www3.ttc.ca](http://www3.ttc.ca)
- Pick up a TTC Ride Guide at any subway stop when you arrive

For prices and fare information:
[http://www3.ttc.ca/Fares_and_passes/index.jsp](http://www3.ttc.ca/Fares_and_passes/index.jsp)

---

Driving in Ontario

International students are considered residents of Ontario for licensing purposes. If you have a valid license from another country or an international driver’s license, you may use this for up to 60 days, after which you must obtain an Ontario license. If you are bringing a car into Ontario, you must obtain Ontario license plates for it within 30 days of your arrival. You will also need appropriate insurance valid in Ontario. This can be expensive.

For further information concerning new drivers, licensing and/or insurance, please contact the Ontario Ministry of Transportation after you arrive in Toronto.

Telephone: 1-800-268-4686
[www.mto.gov.on.ca](http://www.mto.gov.on.ca)
Cycling in Toronto

Cycling is a popular mode of transportation and form of recreation in Toronto. The City of Toronto’s 1999 Cycling Survey found that approximately 60% of Toronto households own a bicycle and that, during the peak summer months, cyclists in Toronto made more than three million trips per week.

The Toronto Cycling Map will help you to plan your route to work, school, shopping, or to exploring the city. The map can be viewed online at: www.toronto.ca/cycling/map/index.htm

The map can be picked up free of charge at Toronto City Hall, Civic Centres, Community Centres (Parks, Forestry & Recreation counters), Toronto Libraries and local bike businesses.

Ride the City is an online bike route planning tool that uses the Toronto Bikeway Network and user feedback to suggest bike routes. The City of Toronto website provides a link to this private online service at: www.ridethecity.com/toronto

Google Maps for Toronto also offers a bike route mapping function and displays bike routes through Toronto.

8. Child Care and Schooling

Child Care

If you have young children (newborn to 5 years of age) who are accompanying you to Canada and are in search of childcare, the City of Toronto has over 900 licensed child care centres - through 21 licensed home child care agencies working with over 2,000 approved home care providers at your disposal. To help guide your search for quality childcare, you may access their Child Care Locator, along with helpful resources on their website at:

http://www.toronto.ca/children/childcare.htm

For more information relating to childcare please see the link to University of Toronto’s Family Care Office’s website at:

http://www.familycare.utoronto.ca/

Children served by licensed child care range in age from infant to school age.

- Infant: 0 – 18 months
- Toddler: 18 months – 2.5 years
- Preschool: 2.5 years – 5 years
- School age: 6 years – 10 years

Other Resources

http://www.familydaycare.com

Family Day Care Services, a charitable organization founded in 1851, is dedicated to the care and education of children. Today, Family Day offers licensed home and centre-based child care to over 4,000 children (infants to 12 years of age) in the Greater Toronto Area.

http://childcaretoronto.org

The Toronto Coalition for Better Child Care (tcbcc) is a broadly based organization working to establish a comprehensive, high quality, universally accessible, non-profit, publicly funded child care system.
School for Children

If you are being accompanied by school aged children to Canada, you will need to register them in school.

Every child residing in Toronto is allowed to attend school in the Toronto District School Board and can register anytime throughout the school year.

To find either an elementary, intermediate, or secondary school nearest to you, please visit: Toronto District School Board: www.tdsb.on.ca/FindYour/School.aspx

If you require more information on the registration process or the Canadian school system in general, please contact the University of Toronto’s Family Care Office.

The Toronto Catholic District School Board serves more than 93,000 students in its 200 Catholic schools as a significant part of publicly-funded Catholic education in Ontario. www.tcdsb.org/Pages/default.aspx

More than 8,500 students are enrolled in the 39 French-language schools of the Conseil scolaire Viamonde, where the importance of French language and culture is emphasized. www.csviamonde.ca/csviamonde/

The Conseil scolaire de district catholique Centre-Sud serves over 13,500 students in its 49 schools in Ontario, offering the students elementary and secondary education in a francophone Catholic environment. http://www.csdccs.edu.on.ca/

Elementary students:

If your child is aged 4 to 13 you can register them directly at their neighbourhood school. You will be required to present the following items upon registration:

- Proof of age (such as a birth certificate or passport)
- Proof of home address (such as purchase or lease agreement or a utility bill showing name and address)
- Proof of entry into Canada (such as a study permit)
- Immunization (documentation showing a list of the vaccinations your child has received)
- Proof of custody (where applicable)

To find the nearest school, please visit the following website: http://www.tdsb.on.ca/_site/ViewItem.asp?siteid=90&menuid=23246&pageid=20149

Please note the following for children entering kindergarten:

- To attend Junior Kindergarten in September, children must turn 4 by December 31 of that Year
- To attend Senior Kindergarten in September, children must be turning 5 by December 31 of that year.

For more information about Kindergarten please visit TDSB’s website at: http://www.tdsb.on.ca/EarlyYears/Kindergarten.aspx
Secondary Students:

If your child will be attending Secondary School (or High School), in order to assist secondary students new to Canada, the Toronto District School Board has two Newcomer Reception Centres.

At the Centre, students will have an assessment of their English proficiency and math skills, before proceeding to their local secondary school.

To your visit at the Centre, please bring:

- Immigration papers
- Two pieces proof of address (rental agreement, bank statement, phone bill, driver’s license, or government document with your address)
- School documents
- Immunization records (if you have them)

If you live west of Yonge Street, please make an appointment at:

**The Bickford Centre** (located near the Christie subway station)
777 Bloor Street West
**Telephone:** 416-393-1444

If you live east of Yonge Street, please make an appointment at:

Greenwood Reception Centre (located near the Greenwood subway station)
24 Mountjoy Avenue
416-393-0750

**For more information on school registration:**

Visit the International Programs and Admissions office at:
5050 Yonge Street
**Telephone:** 416-395-8109 or 416-395-9618 or
**Email:** admissions@tdsb.on.ca

Additional information for students new to Canada can be found on the Toronto District School Board’s website at the following:
http://www.tdsb.on.ca/Newcomers/Students.aspx

---

**Study Permits**

In most cases, minor children [i.e. under the age of 18] accompanying a foreign worker in Canada on a valid Work Permit require an open study permit to attend primary or secondary school. Children attending pre-school or kindergarten do not require a study permit to attend school. An application for a study permit for each accompanying child and payment of appropriate fee[s] must be submitted with the accompanying parent’s work permit application; a letter of acceptance from an educational institution in Canada is not required in this instance.

For further information, please visit Citizenship and Immigration Canada’s website at [www.cic.gc.ca](http://www.cic.gc.ca/english/study/minors-documents.asp)

9. About Toronto

Diversity of race, religion and lifestyle help define and set Toronto apart from other world cities. Toronto is home to virtually all of the world’s cultural groups and is a city where more than 100 languages and dialects are spoken.

You may find the following links useful if you are new in Toronto:

- www.settlement.org
- www.toronto.com
- www.seetorontonow.com

The University of Toronto has succeeded in building a safe place for the widest breadth of communities, experiences and ideas. By some measures, the University is now more diverse even than Toronto itself. Continuing to advance this achievement remains the daily work of the University. In March 2007, for example, the University opened its Multifaith Centre for Spiritual Study and Practice.

Toronto culture

Toronto enjoys many diverse arts and cultural traditions and attractions. Festivals occur throughout the year and can focus on a particular art form or the arts of a particular ethno cultural community. Many of Ontario’s cultural and arts festivals take place during the summer and offer free outdoor performances. Some famous festivals in the city include the Toronto International Film Festival, the Toronto Jazz Festival, the Pride Parade and the Scotiabank Caribbean Carnival. The Toronto Harbourfront Centre hosts an eclectic array of local and international talents, as well as diverse festivals in the arts and food.

Cultural venues such as museums, theatre, art galleries, historic sites and other local attractions offer a lot of variety. Many galleries and museums have one day a week when entrance is free or at a lower cost. Many of the festivals, including Canada Day on the July 1st weekend, are accompanied by public celebrations including parades, fireworks and musical entertainment.
Places of worship

From the website of Settlement.Org:

- **The Multi-Faith Centre**—at the University of Toronto accommodates a variety of spiritual and faith-based practices. [www.multifaith.utoronto.ca](http://www.multifaith.utoronto.ca)
